Committee For Action/Research
On The Intelligence Community

DEC. 3, '73

Dear Mr. Weisberg —

We are sorry to hear of the evident harassment which you've received, following the publication of your books on assassination cover-ups.

A brief check of CAIC's Intelligence Documentation Center (our library & data base) reveals no reference to your being targeted. However, we thought you might be interested in our bulletin, COUNTER-SPY #3, the first article of which discusses

P.O.Box 647, Ben Franklin Sta., Washington D.C. 20044

a current suit filed by Bill Higgs and Soren Weinberg! Also, you may want to contact Jack Schwartz, c/o THE DAILY RAG, 2414 18TH ST., N.W., D.C., who has been compiling an overview on such legal actions vis-a-vis the intelligence community.

Taking your suggestion, I've put you on our mailing list for publications, and look forward to your on-going comment.

For CAIC,

Bart Osborn
